

What Causes Seizures?

People of all ages around the world have epilepsy. Epilepsy isn't a disease that you can catch from someone else. It is a condition that results in a person having seizures.

Seizures are caused by a number of things. Sometimes a cause for seizures cannot be found.

Can you unscramble the code and complete the puzzle to find out some of the reasons why people have seizures?

A = O
B = T
C = J
D = N

E = Z
F = H
G = Q
H = S

I = W
J = R
K = X
L = Y

M = F
N = D
O = B
P = G

Q = M
R = C
S = V
T = A

U = K
V = L
W = E
X = I

Y = P
Z = U

"You can't catch epilepsy from someone."
